

2023 SCHOOL SAFETY AND SECURITY SUMMIT

WHERE BEHAVIORAL HEALTH AND COMMUNITY INVOLVEMENT BECOMES A SHARED RESPONSIBILITY

*APRIL 23, 2023 – APRIL 25, 2023
GLENDALE CIVIC CENTER, GLENDALE, AZ*

SPONSORSHIP OPPORTUNITIES

Why Sponsor?

In addition to the **networking** and **brand visibility** opportunities, by having a visible presence at the conference, your organization is demonstrating its support of school security and the safety of students, teachers, and administrators. Your organization will be in front of important decision-makers and granted the opportunity to have intimate discussions with the global experts and leaders about evolving technologies and strategies considered the best in the marketplace. This summit is a great opportunity to showcase your company, organization, or academic institution.

Outreach: In addition to physical attendance, this summit and its supporters reach thousands of people, from around the country in the education, public safety, national security, and behavioral health markets through social media, email outlets, organization membership, online content, and on-site educational events. This event is a continuation of the 1st Annual School Safety and Security Conference in Phoenix (April, 2019) and was credited with being one of, if not the most, effective and efficient school safety conferences in the United States with the right audience. The only difference this year, we are making it 5X bigger and going much more deeply into the complex discussion of active shooter situations and threats against our children and students.

Who Attends?

NATION WIDE AUDIENCE OF:

- **Senior school administrators** (superintendents, county and district administrators, principals, public information officers, etc.).
- **Law Enforcement leaders, command leadership and dedicated staff** focusing on school safety measures within their Agencies respective jurisdictions.
- **CEOs/presidents/executive directors and senior staff** of education associations, foundations, philanthropic and non-profit organizations focused on K-12 public education.
- **Behavioral Health Professionals, School Counselors, and School Psychologists.**
- **Current and former senior leadership/federal government officials** who specialize in active terrorism and school safety.
- **State and County elected and appointed officials and policy makers** (legislators, school board members, city council members, and others).
- **Business leaders** with an interest in school security.
- **Community and civic leaders and parents** with an interest in public education and school security.
